

SPLIT DESKTOP

Split-Desktop® Version 4.0 Software Package Includes:

- Protection Key (USB Dongle Key) to Enable Permanent Licenses.
- Electronic Help File, online Knowledgebase and Tutorials.
- Manufacturer's Technical Support via Phone or E-mail or Support System.
- Split-Desktop Version 4.0 Series Software (latest available maintenance release is always available for free).

License Price Options:

\$7,995 USD for new permanent license.

\$3,995 USD for permanent license Upgrade from Version 3.

\$2,995 USD for one-year license subscription (enabled via Activation Codes on one computer).

What is new with Version 4.0?

- Improved UAV image processing workflow.
- Compatible with the new Split Camera App for safer and faster muckpile image acquisition. App available for free on Google Play and Apple App Store.
- Muckpile images acquired with Split Camera App do not need scale objects in the image to calculate the scale.
- Improved tools to help with image editing and automatic report exporting.

For Split-Desktop Version 4.0, Split Engineering recommends the following:

Computer / Processor: PC compatible with Pentium Processor. USB port for dongle key. CD/DVD drive or internet connection for software installation.

Operating System: Windows 7, 8 and 10. 32 and 64-bit compatible.

RAM: 4 GB or higher recommended.

Notes, Terms, Conditions and Assumptions:

1. Prices are in US dollars.
2. Software price does not include shipping, royalties, taxes, duties, import tariffs or related charges, if applicable.
3. This quote is valid for 90 days from the date it was issued.
4. Permanent license and upgrade licenses come with a dongle or license file that is the key that enables the software to run. If the dongle or license file is lost, stolen or damaged, a replacement can be purchased at price the original software was purchased.
